WELCOME

54th Annual Meeting of the DGAEPC & 5th GBAM

We are looking forward to welcoming you to our 54th annual meeting of the German Society of Aesthetic Plastic Surgery (DGAEPC) together with the 5th German Brazilian Aesthetic Meeting (GBAM) in Rottach-Egern at Lake Tegernsee.

Together with our Brazilian, German and International guests we want to share and discuss our experiences and new developments in the various fields of Aesthetic Surgery.

Feel free to become part of our “circle of friends” for a few days in this wonderful and unique location between lake and mountains, just one hour drive from Munich. We aim to create a personal congress atmosphere and make everyone feel welcome.

Discuss topics one-on-one with experts – during the sessions, during the breaks and at the evening events such as the German night at the traditional Bräustüberl in Tegernsee and the Brazilian night at Hotel Überfahrt in Rottach-Egern.

Accommodation ranges from 5-Star Superior right at the lakeside to simple Bed and Breakfast. Together with our team from Boeld Communication we will try to help you in every aspect of your congress planning and booking.

Outside the scientific program we suggest an Oktoberfest evening October 4th and a driving experience October 8th for those, who intend to come some days earlier for tourism in Bavaria.

See you in October 2026 !

Torsten Kantelhardt, MD
Congress President

Joachim Graf von Finckenstein, MD
Host and Founder of GBAM
